Area Code - 816

Time Zone - Central

Automobiles

Driver Testing Facility

Excelsior Springs Baptist Church

1500 Rosalea St. 630-6341

Test day – Wednesday 9am – 4pm

New Missouri residents are required to get a license within 30 days of establishing residency. The minimum age requirement is 16. Driving, written and vision tests are required to obtain a first-time license. If you have a valid out-of-state license, only a written and vision test is required. The cost of a license depends on the year of birth.

Insurance

Missouri residents are required to carry a minimum liability insurance policy covering \$25,000 for a single bodily injury; \$50,000 for bodily injury to two or more individuals; and \$10,000 for property damage. Also required is uninsured motorist insurance, \$25,000 for a single bodily injury and \$50,000 per accident.

Vehicle Inspection and Tags

Your vehicle must be registered within 30 days of becoming a Missouri resident. Most service centers, filing stations, auto repair businesses and car dealerships do inspections. Effective 01-01-2014, it is no longer necessary to purchase a City sticker.

Business Organizations

Better Business Bureau - 421-7800

Area Chamber of Commerce

Excelsior Springs – 630-6161

Liberty – 781-5200

Northland Area – 468-6722

Churches

The Excelsior Springs area offers numerous places of worship, representing many different denominations and faiths. For more information please call the Ministerial Alliance, 637-2759.

Government

City

In December 1921, voters in the City of Excelsior Springs adopted the City Manager form of government, becoming the first city in the State of Missouri to formally adopt this style of governing. The City Council is made of five members, elected at large, for terms of three years.

UNDERSTANDING YOUR WATER BILL

The City of Excelsior Springs bills for water consumption on a monthly basis. To make billing more efficient, the city breaks billing into two cycles. Depending on what part of town you live in, you will either be billed in "cycle 1" or "cycle 2".

"CYCLE 1" Cycle 1 bills are printed between the fifth and the tenth of the month. These bills are due on the fifth of the following month, or the next business day if the fifth falls on a weekend or holiday. If payment is not received by the due date, a penalty will be assessed. A detailed copy of a water bill is provided (see attached).

"CYCLE 2" Cycle 2 bills are printed between the 20th and the 25th of the month. These bills are due on the twentieth of the following month, or the next business day if the twentieth falls on a weekend or holiday. If payment is not received by the due date, a penalty will be assessed. A detailed copy of a water bill is provided (see attached).

"DISCONNECTION" If payment is not received in full by the disconnect date on the water bill, water service will be disconnected. When this occurs, the only way to restore water service is to pay the full balance (the amount past due, and the total amount on your new bill), a reconnect fee, and an increase in your security deposit. In addition, if any taxes or fees are outstanding, these must be paid in full as well before service can be restored. Once service is disconnected, we only accept cash or money order for payment.

"CUSTOMER SERVICE" The City of Excelsior Springs Finance Department handles all the billing and service requests for water service. Office hours are Monday through Friday from 8:15 A.M. to 4:45 P.M. You can reach a customer service representative by telephone during the same hours at (816) 630-0763. The City of Excelsior Springs website contains helpful information as well: www.cityofesmo.com

EXCELSIOR SPRINGS REFUSE AND RECYCLING SERVICE

The City of Excelsior Springs along with their trash service contractor, Allied Waste provides each resident with a 65 gallon trash cart and a 65 gallon recycle cart. These containers are the **sole property** of Allied Waste. If you have any problem with your carts, please contact Public Works at 630-0755. If you move, please leave your carts at your residence in a secure place for the next occupants of the home. If you take the trash cart and recycle cart, you may be charged \$75 fee for replacement of each cart.

Note: Pick up will be delayed one day when a major holiday falls on a week day. **The six holidays which cause the delay are: New Year's Day; Memorial Day; Fourth of July; Labor Day; Thanksgiving and Christmas Day.**

General Recommendations:

- Place cart one (1) foot from the curb or edge of street. **by 7:00 A.M. on your trash day.**
- Place trash cart and recycling materials at least 5 feet apart.
- All household refuse/garbage items **MUST** be placed in the cart. It is also recommended that garbage items be bagged and tied, then deposited in your cart. This practice will keep your cart cleaner.
- Please place the cart at least 4 feet from any tree, pole, fire hydrant, etc. and at least 10 feet away from any vehicles parked in the street so the automated arm can reach your cart.
- Do not overload the cart. If the lid is not closed, garbage will be subject to wind and nuisance animals.
- Please do not lean anything against the cart.
- Remember to place the arrows on the lid of the cart toward the street and the handle toward the house.
- Yard waste and any household hazardous waste must NOT be placed in the cart. State law requires that yard waste, which is compostable, not be mixed in the cart with garbage.
- Do not put dirt, sod, or rock in the cart.
- Do not put flammable material such as oil, gas, paint or "hot ashes" or "coals" in the cart.
- Do not put Muriatic acid and other pool supplies/chemicals in the cart. These can cause chemical reactions in your cart and in our trucks leading to fires and dangerous toxic fumes.
- Do not put concrete, debris from construction, remodeling or demolition in the cart.

ALLIED WASTE SERVICES IS PROUD TO BE PART OF YOUR COMMUNITY
CUSTOMER SERVICE: (816) 254-1470
REFER TO CUSTOMER SERVICE #44972

Striving toward a greener community!

www.cityofesmo.com

The enhanced waste pickup/curbside recycling services adopted by The City of Excelsior Springs, which will utilize the blue 65 gallon carts for both services, provide many new benefits and reduced cost to residents. This service began rolling out in November 2010 and as of Feb. 2014, will begin a weekly service for curbside recycle along with trash.

Our goal of these programs is to reduce the amount of waste taken to landfills by making it easier to recycle and keeping the city cleaner by providing 65 gallon carts for residential trash and curbside recycling.

The City of Excelsior Springs' sanitation program not only offers residents curbside collection of solid waste and recycling, but it also includes:

- A drop off recycling center that accepts the same materials as the curbside program **PLUS glass**
- Yard waste Drop off site at Public Works from April thru December .
- A household hazardous waste collection event in Ex. Spgs. each year **PLUS** access to permanent household hazardous waste facilities throughout the year
- A free Christmas tree recycling program after the holiday season at our drop off site located at 1300 S. Marietta St.

Please Note: Begin using the recycle cart as soon as you receive it.

Curbside recycling will **ONLY** be picked up if it is in the Allied cart with the yellow lid.

Excelsior Springs and Mid America Regional Council... working for a greener community!

An enhanced sanitation program was the goal of our recycling committee. This group worked with city staff to improve both trash and recycling in Excelsior Springs. The new semi-automated collection system along with the City's drop-off recycling center are just the beginning steps towards achieving our goal of diverting 80% of our refuse stream to recycling by 2023.

F A Q's

Q: Why do we have trash and recycling carts?

A: Carting for the collection of residential solid waste has been common in many areas of the country for several years. The semi-automated or fully automated collection system has proven to be *faster, safer, cleaner and more economical to consumers.*

This program also is intended to help the environment by reducing what is sent to landfills, and thereby making recycling easier. The sturdy, ~~hinged~~ carts also will help keep our community clean by making it more difficult for critters to overturn your trash cans. *And as an added benefit, Allied Waste will rebate the City a portion of the value of all recycling collected.*

Q: Why are the carts so large?

A: The carts are larger, particularly the recycling carts, to make recycling easier for residents, especially now that more materials are accepted for recycling. They are also the most common sized carts used for this type of program.

Q: What do I do with my carts if I am moving or relocating?

A: The trash and recycle carts are the property of Allied Waste Services. Each container is assigned to a specific address. If a resident moves or relocates the container is to remain at the property.

Q: Can I use my own cart and old recycling bin?

A: No - Use of the carts provided by Allied Waste Services for solid waste and recycling is required as they are constructed specifically for use with semi-automated/automated collection vehicle equipment.

Q: What are the benefits of a carted collection system?

- A:
- * Containers are on wheels for easy roll out to the curb.
 - * Containers are sturdy and durable to reduce tipping and spilling.
 - * Containers help neighborhoods look neater and cleaner.

Q: When should I start using my recycling cart?

A: As soon as you receive it. Solid waste and recycling that is not in the carts will **NOT** be picked up.

Q: Do we need to set the carts out in a special way?

A: Put the recycle cart in the same location as you have been putting your trash cart. Be sure to place your cart so that the arrows on top of the lid face toward the street. Doing so will allow the drivers to run quicker and smoother pickups, making their routes more efficient. Carts **MUST BE** placed far enough away from any obstacles (trees, poles, mailboxes, vehicles, etc.) so that the automated arm on the trash truck can easily reach your cart. Please keep the carts at least 5 feet apart from each other. **PLACE AT THE CURB BY 7:00 A.M.**

Q: Do my recyclables need to be bagged and tied?

A: No - recyclables may be placed loosely/mixed in your cart. You can choose to utilize the curbside recycling program with the cart OR you may take your recyclables to the City's drop-off collection center located at 1300 S. Marietta Street.

Use of other containers WILL NOT BE ALLOWED.

If you need a second recycle cart, contact Public Works at 630-0755.

The fees associated with the City's trash and recycling collection are shown as "refuse" charge on residents' water bills. Payment for recycling is required whether or not you participate in curbside recycling collection.

Q: What can I recycle in the cart?

- * Corrugated cardboard, paperboard or chipboard, cardboard soft drink and beer boxes, Kraft bags (brown paper), mail and junk mail with envelopes and paper back books.
- * Aluminum cans
- * Steel cans and tins (including empty aerosol cans)
- * Aseptic packaging & gable top containers (milk & juice cartons)
- * Newspaper, magazines, advertising inserts, phone books, junk mail, catalogs and office papers.
- * Plastics: The numbers below are found in the chasing arrows on the bottoms of plastic containers
- * #1 - soda, water & flavored beverage bottles (#1 clear & green)
- * #2 - Milk & Juice jugs (clear)
- * #2 - detergent & fabric softener containers (colored)
- * #3 - narrow neck containers only (health & beauty products, household cleaners)
- * #4 - grocery containers (margarine tubs, frozen des-

sert cups, six and 12 pack rings)

- * #5 - grocery containers (yogurt cups and narrow neck syrup and ketchup bottles)
- * Plastic buckets, such as kitty litter buckets (5 gallon maximum size).

Q: What CAN NOT be recycled in the cart?

- * Motor oil, insecticides, herbicides, hazardous chemical containers
- * Plastic grocery bags (many grocery stores will recycle these for you!)
- * Plastic film (no plastic sheets, tarps or wraps)
- * #6 Polystyrene (PS) (such as packaging pellets or "Styrofoam peanuts," cups, plastic table ware, meat trays and to-go "clam shell" containers)
- * Plastic cards, stick on labels or unused stamps
- * Hard cover books

Tips:

- **Keep your yard and your neighbors' yard clean and free from trash debris by not overloading your carts or placing additional trash on top of the carts, even if it is bagged. Please make sure the lids on both carts can close. This will deter critters from getting into your trash and also will allow you to put out your recyclables, even in inclement weather.**
- **If you do not have room to store the carts in a garage, please try to store them in a safe location; preferably out of sight from the street view of the property. Carts should not be stored at the curb or in the right-of-way.**
- **If you need additional trash or recycle carts, please call Public Works. Additional carts are available at \$3.00 monthly for each cart.**

Q: What is this going to cost me?

- **A:** The cost of this refuse service is just \$24.40 per month. If you need an additional trash cart, the charge is \$3.00 per month. A second recycle cart is available also for \$3.00 per month.

Q: How do I return the yellow lidded recycling cart if I don't want the cart and/or don't want to use curbside recycling collection:

A: For those residents wishing NOT to participate in the City's curbside recycling program, please call the City's Public Works Department at 630-0755 and provide the address for the pick-up.

Residents may continue to use the city drop-off recycling center located at 1300 S. Marietta St. in lieu of using curbside collection. Note: All materials at this site must be separated into the correct recycling bins.

Drop-Off Recycling Center

Residents can dispose of their recyclables throughout the week from 8 a.m. to 4 p.m. at the City's Public Works facility at 1300 S. Marietta St. Everything that can be recycled curbside can be dropped off here as well, but MUST be sorted. (see previous page for complete list). Plus, residents can drop off glass in the purple recycling bin provided by Ripple Glass and scrap metal in the container provided.

Bulky Item Disposal

Please see Bulky Item Drop Off Page for disposition of large items or material that is not accepted in normal trash removal.

Household Hazardous Waste

Excelsior Springs area residents may participate at no charge in the Regional Household Hazardous Waste Center collection program. This includes access to permanent facilities in Kansas City and Lee's Summit, plus access to a mobile event held in Excelsior Springs each spring. For more information on HHW collection facilities or mobile events, visit RecycleSpot.org.

Regional Brush/Yard Waste Drop-Off Facility

Excelsior Springs site is located at 1300 S. Marietta Street (Public Works Facility). Its seasonal hours of operation is Friday & Saturday from 9 a.m. to 3 p.m. and Sunday from 3 p.m. to dusk. Site is open April thru December. Please see "Yard Waste Drop Off Site" page for Holiday Schedule

Items accepted are grass clippings, leaves, limbs & brush of all sizes. Only natural material can be deposited at the site and all material must be dumped from bags or containers.

Any material placed at this site becomes the property of The City of Excelsior Springs. This service is free of charge to all city residents. Proof of residency is required. All person(s) residing outside the city limits and commercial businesses will be subject to a fee schedule.

*For other recycling resources available in the metropolitan area,

The City's Recycle Drop-Off Site

Location and Hours of Operation

- 1290 S Marietta St
- Monday thru Saturday
- 8:00 am to 4:00 pm
- Questions please call
Public Works (816)630-0755

The recycling drop-off site was constructed in August of 2008 with grant monies received from the Department of Natural Resources and Mid-America Regional Council Solid Waste Management District. With this grant the City constructed a new concrete site for parking and unloading of recyclables, the building itself and the fence. At this site we will receive the following items: Plastics, Newspaper/Magazines, tin cans, aluminum cans, cardboard, glass and scrap metals. We **do not** accept Household Hazardous Materials such as paint, batteries, oil or any other toxic chemical. These can be recycled at the Kansas City Collection Center located at 4707 Deramus - their hours of operation are Thursdays and Fridays 9-6 and Saturday 9-4 - no appointment is necessary. Please call (816)513-8400 for information. This is free to all residents of Excelsior Springs.

DID YOU KNOW?

Recycling Aluminum saves 95 percent of the energy used to manufacture virgin aluminum

Recycling 1 ton of newspaper saves enough energy to heat a home for 6 weeks

Recycling 1 ton of plastics saves the equivalent of 3.85 barrels of oil

LET'S RECYCLE TOGETHER

THINGS YOU CAN RECYCLE AT DROP-OFF SITE:

- Corrugated cardboard, paperboard or chipboard, carrier stock (cardboard soft drink and beer boxes)
- Aluminum cans
- Steel and bi-metal cans rinsed
- Newspaper, Magazines, advertising inserts, phone books, junk mail, catalogs, and office paper
- Plastics #1 and #2 with a neck
- Scrap Metals such as appliances **PLEASE NOTE:** All CFC 's must be removed from freezers and refrigerators before being recycled.

THINGS YOU CANNOT RECYCLE AT THE DROP-OFF SITE

- Household Hazardous waste—oil containers, automotive product bottles, paint containers and batteries
- Styrofoam
- Coated containers like juice boxes
- Dishwashers, electronics, toilets, furniture or microwaves

Questions on recycling in Missouri please contact (816) 474-8326 or www.recyclespot.org

GROWTH AND PROGRESS

Waste reduction, composting and recycling efforts continue to expand throughout the District. Approximately 45 percent of what was once considered waste is now being diverted from disposal in landfills. These results

have been accomplished through the collaborative efforts of the public, private and not-for-profit communities. Because of these efforts, less waste is going to our landfills. But in addition, energy and natural resources are

conserved. Recycling also reduces, and in many cases eliminates, the pollution associated with virgin material extraction and processing.

WHAT TO DO ABOUT ELECTRONICS?

For recycling electronics,
please visit:

www.recyclespot.org

Or call (816) 474-8326

What can you recycle:

Computers—CPUs, moni-
tors, keyboards and mice

Printers

Tvs

Handheld devices

Cell Phones

Tips for gathering your HHW for safe disposal

- Seal containers tightly.
- Bring items in their original containers inside a sturdy box.
- If original container is leaking or damaged, transfer or place into a compatible, sealable container no larger than 5 gallons and re-label.
- Don't mix products together.
- Be prepared to leave your containers. Containers such as gasoline cans will not be returned at mobile events.

Accepted items include:

- automotive products
- antifreeze
- batteries
- CFL light bulbs
- fertilizers
- flammables
- fuels
- hazardous cleaners
- hazardous liquids
- household cleaners
- lawn and garden products
- paint
- pesticides
- photographic chemicals
- pool chemicals
- solvents
- thinners
- used oil

NO:

- electronics
- explosives
- yard waste
- commercial waste
- pressurized gas cylinders
- controlled substances
- tires and appliances

RecycleSpot.org

2023 REGIONAL Household Hazardous Waste

COLLECTION PROGRAM

IT'S YOUR HOME.
MAKE IT SAFE.

How you can safely dispose of toxic household products

About the Regional HHW Program

The Regional HHW Collection Program provides members with convenient access to proper HHW disposal. If you live in a participating community, you may take HHW products to the permanent collection facilities in Kansas City, Missouri, and Lee's Summit, Missouri, free of charge. You may also attend **ANY** of the mobile collections held throughout the year.

Proof of residency is required.
For information on Kansas area facilities, visit **RECYCLES.POT.ORG** or call **816-474-TEAM**.

RESIDENTIAL WASTE ONLY, NO BUSINESS WASTE ACCEPTED
including nonprofits, churches, home-based businesses and rental property owners.
